

January 1, 2015

To Our Dear Clients and Friends:

Happy New Year! The upcoming Chinese New Year marks the beginning of the Year of the Sheep. We want to thank our clients and friends and wish them another successful year. We also want to celebrate the New Year with a renewed promise to support our clients and friends in the pursuit of the American Dream.

The Spirit of the Sheep is associated with peace, prudence, economy, harmonious co-existence, and tranquility. By channeling the Spirit of the Sheep, we hope to provide you with prudent advice and comprehensive assistance on your immigration journey. We are confident we can handle your immigration matters with the utmost integrity, care, and professionalism, and like the Sheep, help you achieve prosperity and harmonious-coexistence.

Since last year, we all have experienced some degree of successes and setbacks. However, many signs point to more positive things to come. The United States immigration system continues to impose significant hurdles on those seeking to immigrate. However, last year President Obama announced his administration's immigration policy plans. We are hopeful that this year will provide much needed relief to all immigrant populations. Similarly, we hope California's rainy season will bring much needed rain and prosperity.

For our part, Visatopia has experienced tremendous growth thanks to the trust and referral of our clients and the support of our professional staff. We have helped many of our clients successfully reach their immigration goals and strive to do so this year with renewed passion and enthusiasm. We are thankful for our clients' trusts and our staff members' professionalism and dedication to excellence. We are experienced in all types of employment based and business-related immigration cases including H1-B, L1, EB1, NIW, PERM, EB5 and many more! Moreover, we have obtained B1/B2 visas for Chinese visitors for 10 years as well as F1 visas for Chinese students for up to five years per the new policy change. We are currently taking H1B cases indexed for 2016 fiscal year quota. Our experienced immigration attorneys have over a 95% approval rate for over hundreds of cases spanning nearly a

decade. We hope to do even better this year and achieve the highest possible approval rate for all your immigration needs.

As we welcome in the New Year, we thank you for your continual support and commitment to the Law Offices of Deacon Zhang. With all of our heart, we wish you the best and hope that the Year of the Sheep brings you and your family continued joy, health, and prosperity.

Yours Truly,

A handwritten signature in black ink, appearing to read 'Daqin Zhang', with a long, sweeping flourish extending to the right.
